

Trip to Bulgaria

We went to Bulgaria from 19th to 25th November 2018 thanks to the Erasmus' project "Encouraging people through culture and commerce". In Pravets, we played bowling, we did some ice-breaking activities and some warm-up activities: that was fun and cool. Moreover, we often worked but with a

good atmosphere, we cooked a Bulgarian speciality,

we sang a Bulgarian song and we danced a Bulgarian “folk” dance. It’s this activity that I preferred because I could speak with the people of the other country ad we laughed a lot.

In Sofia, we visited the city-center and the Alexander Nevski Memorial Church and that was awesome.

We visited some museum but I preferred Saeva Dupka.

My family was very welcoming and I loved that, it was a pleasure for me to meet this family and thanks to them. Here is the family who host me for this trip.

It was a very good trip and I wont refuse if a second trip can be possible.
